

# NaceCare Solutions: Reinventing Commercial Cleaning with SAP Business One

---

NaceCare is a leading provider of commercial cleaning equipment solutions. NaceCare's cutting-edge innovations in vacuum cleaners, floor maintenance, and carpet care machinery produce best-in-class outcomes across various environments. Their equipment prioritizes the best cleaning outcome, operator convenience and ergonomic well-being, while also significantly reducing cleaning times and labor expenses. Today, NaceCare's equipment remains a trusted tool in maintaining cleaner and healthier buildings.

NaceCare had recently experienced significant growth and was looking for a new EPR platform that would provide greater visibility into the day-to-day operations of the business, reduce paper processes, and provide a platform for future growth. They chose SAP Business One to achieve these goals and support the Company's growth going forward.

# Improving Operations with SAP® Business One

## Before: Challenges and Opportunities

- Needed a new ERP solution that would provide greater visibility into the day-to-day operations of the business and to serve as a platform for future growth.
- Looking for greater integration of key data and metrics across all aspects of the business – to facilitate strategic decision making and provide a single source of truth.
- Past customizations had led legacy software solution to become cumbersome and a constraint to future growth.

## Why SAP and aclaros

- SAP Business One provided the functionality needed to drive new efficiencies and growth.
- Ability to automatically generate reports, freeing up time for other higher value work.
- Integration with other platforms to support areas such as warehouse management.
- aclaros' business process acumen – ability to understand client requirements and provide options for achieve business solutions through SAP Business One.
- aclaros' deep technical understanding of SAP Business One software, enabling tailored customizations to align with business requirements.

## Value-driven results

- Improved visibility and decision-making across integrated business processes.
- Streamlined operations, automating reports and eliminated paper-based process.
- Enhanced efficiency and positioned NaceCare for future growth.

“SAP Business One provides us with the accurate and timely information we need to drive smart decisions. NaceCare has experienced dramatic growth in recent years. We’re confident that SAP Business One, in combination with the team at aclaros, provide us with everything we need to remain flexible and continue to scale our business in the future.”
